

LUTHERAN MEN'S GUILD HOLD BANQUET

OVER ONE HUNDRED YOUNG MEN OF ST. JOHN'S PARISH ENJOY FEAST.

Speakers Were Judge Searle, W. J. Barnes, Rev. I. Chantry Hoffman, and Rev. Miller—Ladies of Parish Served Good Supper.

The fifth annual banquet of St. John's Guild was held in the lecture room of the church Wednesday evening. One hundred and two members of the Guild and guests were present. The affair was a marked success over last year in the number present on account of the active membership campaign conducted by the Guild during the past winter.

The lecture room of the Lutheran church was beautifully decorated with pink and white tissue paper streamers and the pillars were clothed in garments of laurel leaves and evergreen. Potted plants and ferns placed around the large room gave it a very pleasing effect. The orchestra consisted of Messrs. Bielmann and Sonner and Miss Margaret Eberhardt.

The guests were conducted to the main room of the church and then conducted to their tables below by the committee in charge. The speakers occupied the first table and as members of the press were placed at the second. Rev. C. C. Miller, pastor, pronounced the blessing. The guests then sat down to the following menu:

Tomato Bisque
Roast Veal
Mashed Potatoes
Creamed Cabbage
Pickles
Celery
Olive
Rolls
Ice Cream
Coke
Coffee

The Harmony Four, composed of Charles Reichenbaker, Fred Trumm, Royal Reichenbaker and John Carmichael, entertained the diners with witty selections between the courses.

W. J. Haggerty, as toastmaster of the evening, and who is also president of the Guild, made a few appropriate remarks of welcome. A letter from Superintendent J. J. Koehler was read in which the latter expressed his regret for not being able to attend. Mr. Haggerty then introduced Judge A. T. Searle as the first speaker of the evening.

Judge Searle, who is always a pleasing speaker, talked to the assembled young men of the responsibility of life and admonished them to remember the man at the side of the road. "There is always room to succeed," said he, "without crowding the other fellow out. The care of the body is the greatest asset any young man can have. Always look respectable and neat. Be patriotic and always do your duty to your country."

Wallace J. Barnes, Prothonotary of Wayne county, was introduced as the man who had made more young men and women happy than any other man in Wayne county, and spoke along the lines of progress and of the good work of the Guild.

Rev. I. Chantry Hoffman, of Philadelphia, was the principal speaker of the evening. He spoke on the subject, "The Measure of a Man." He said in part: The clothes do not make the man. The standard cannot be set by the clothes a man wears neither does strength make the standard. Let us have strong men; strong in body and mind; but the standard of the man cannot be set by strength alone. The amount of money a man has cannot be used as a standard. Some have the idea that money makes class. The rich of the land present a poor standard as a whole to the young men of today. Education is not the standard of manhood. Let us have colleges and universities, but they do not set the standard. The standard is the Man Christ Jesus. He did not put much emphasis on clothes; nor on money, it is true that Judas as treasurer of the Apostolic Company carried a bag. He closed with an earnest appeal for all young men to uphold their manhood to the best advantage.

Rev. C. C. Miller made a few remarks in closing in which he asked the question, "What is the greatest need of our times for the betterment of society?" He answered it as follows: It is men of principle; men governed by conscience, rather than expediency. It is sturdy, honest Christian men, not of the jelly fish variety, but men of backbone; men willing to fight for the right. The evening was closed by a benediction. The following committees had charge of the affair:

FREDERICK ZWICK FALLS FROM LADDER; FRACTURES ARM.

Was Engaged in Painting Roof of Exhibit Cars When Ladder Slid and Threw Him to Ground.

Frederick Zwick, a plumber employed by O. M. Spettigue, received an injury to his right arm on Tuesday afternoon, that will render him unable to do any work for several weeks, if it does not permanently affect the arm.

He had been sent by the hardware firm of O. M. Spettigue to do some repair work and painting on the North of Bay Counties Exhibit Cars which are located on the spur track of the D. & H. near the city hall. He had been working on the roof of the rear car and was getting down by means of a ladder placed against the car when the ladder slid sideways for a distance of about three feet, and caught up suddenly on a projection in the roof. When the ladder started to move Zwick released his hold and when it stopped suddenly he was precipitated headlong to the ground. The fall was only seven or eight feet, but the man struck his hand first and the force of the impact caused the forearm joint to break at the joint. The forearm joint was pushed through the skin of the arm and it was feared that the cords and tendons were severed. Several men were standing near, witnessed the accident and ran to his assistance. Dr. Ely was called and Zwick was taken to the doctor's house where it was found that there had been a compound dislocation. It is thought that the use of the arm will be endangered. Mr. Zwick carried \$1000 accident insurance with Bentley Bros. and will receive \$5.00 per week while kept from work. He was taken to the State hospital this afternoon.

Mr. Simons also told the stockholders that the directors of the bank, during the six years since organization, worked for the interest of the bank and without compensation and are still working without compensation.

This year will be the fifty-first annual fair of the association and will be held on October 6, 7, 8 and 9. CONTRACTS FOR BRIDGES NOT AWARDED

COMMISSIONERS MEET FOR PURPOSE OF AWARDED CONTRACTS; OBJECTIONS MADE.

All Bids Will Have to be Made Over and Readjusted For—Objection Over Fact That Some Bid on Only One Set of Specifications.

The county commissioners, John Male, Earl Rockwell and Neville Holgate held their regular monthly meeting Tuesday afternoon and passed on the month's accumulation of bills. The principal business at this session of the commissioners was to have been the awarding of contracts for furnishing materials and labor to complete abutments, wing walls and bridges over four creeks in Wayne county. Several bids were presented but some only bid on one set of specifications while other companies put in bids for both sets, consequently the men who only had one set thought that it would not be a square deal if the bids were opened and passed upon at this meeting. The commissioners considered the matter and decided to readvertise the bids for the building of the four bridges. The bids were not opened and will be returned.

The following bridges are to be built: Bridge No. 1, located in Dyberville township, leading from Bates' mill to the public highway known as the Tanners Falls road. Bids are wanted for furnishing all materials and labor for building the bridge and completing abutments and wing walls. Bridge No. 2, located in Mt. Pleasant township, over Johnson Creek and known as the Bryant Bridge. Bridge No. 3, located in Lake township, crossing Middle Creek at Varden, this county. Bridge No. 4, located in Salem township, on Five Mile Creek near Arlington. Plans and specifications to be secured at the Commissioners' office in the court house.

WILL THE EPISCOPAL CHURCH CHANGE ITS NAME?

THE CITIZEN INTERVIEWS REV. A. L. WHITTAKER ON THE SUBJECT.

The Rector of Grace Church Says There is No Likelihood of Any Immediate Change.

A representative of this paper called upon Rev. A. L. Whittaker, rector of Grace Episcopal church Tuesday morning for the purpose of ascertaining Mr. Whittaker's opinion regarding the proposed change in the name of the Episcopal church. We found the good rector in a reflective mood, and herewith present his views concerning a subject that is foremost in the minds of the members of the Protestant Episcopal church of America. The rector said:

"It is not at all likely that the name of the Church will be changed at the General Convention of the Church, which meets in New York City in October. Whenever the proposal to make the change had been brought up in general convention it had been defeated. Even at the last General Convention, when a mild change was suggested, it failed of acceptance. It is believed to be the feeling of Bishop Talbot that it will serve no useful purpose to have the matter brought up in the diocesan convention, which meets in Reading, May 21 and 22. There has been no discussion of it in Grace Episcopal church of Honesdale.

"If a name could be found which would not be incompatible with the broadest charity toward Christians of every name and would indeed serve as a means of bringing about a union of all who call upon the name of Christ for the fulfilling of Christ's mission upon earth and would not prove to be a cause of disruption or an insurmountable barrier to a union of Christendom, I would heartily approve of it.

"Such a name has not as yet been evolved. It would naturally come only as a result of a gradual clearing up of the ecclesiastical atmosphere or by a happy flash of genius upon the part of some influential person in the Church who has not, by marked partisanship, antagonized any considerable proportion of the members of the church. If any change should be made it would not become effective unless ratified by a second tri-annual convention of the Church at large."

Rev. A. L. Whittaker, not wishing to be considered in any sense a partisan or a member of any of the so-called parties in the Church, either High Church, Low Church or Broad Church, but simply as a member of Christ's church, trying to further Christ's influence in the world, is sincerely desirous of the day when men of all shades of thought in the Church shall have found a name for the Church which shall be cordially acceptance to all.

"For the present," concluded Pastor Whittaker, "the name, 'Episcopal Church,' should be satisfactory as indicating at least generally the policy and history of the Church."

Penn. Diocese Votes Against Changing the Church Name.

Philadelphia, May 7.—The move to change the name of the Protestant Episcopal church by inserting the word "Catholic" was voted down, 305 to 116, at the convention of the Pennsylvania diocese. Delegates to the general convention of the church in New York next October were instructed to oppose the change. The vote was: Ayes—Clericals, 130; laymen, 33. Nays—Clericals, 53; laymen, 27.

Earnest consideration of a resolution making it necessary for persons desiring to be married to produce a health certificate in the same manner as it is now required at the cathedral of St. Peter and Paul, in Chicago, was urged in the report of the diocese of social service of the diocese.

BASE BALL.

The Citizen's sporting scribe notes that the German Catholic club has organized a base ball team with the expectation of being the representative team of the town. He has also heard that they have scheduled two games with the strong Taylor team for Memorial Day, and is glad to see that someone has "push" enough to go ahead and do things. Your scribe admires the G. C. club for this element of "push" and think they deserve encouragement. Honesdale should be represented by the very best that can be produced by home talent in the line of base ball. While the G. C. club will have a good team, it probably will not be as strong as it could be made. Honesdale wants and deserves the best.

It is known that if a regular Honesdale team is organized it will have undisputed rights to the grounds, whenever they want them, as the owners of the property have always made this clear.

Your "fan" is still of the opinion that the Honesdale base ball team should be reorganized for the season of 1913, and know it can be done with a little "push." Now, once more, "let's get busy." How about you, Nick?

"Big Bill" Steele, who pitched for Milford here several years ago, and also pitched one game for Honesdale against Catawauqua, is pitching great ball for the St. Louis Nationals. On Tuesday he stopped the fast traveling Phillies, who had just trimmed the Giants four straight games, St. Louis winning by a score of 3 to 1. Eddie Murphy was on base five times out of five times at bat on Monday when the Athletics played the New York Yankees.

"The Root of Evil," a strong serial by Thomas Dixon begins next Tuesday in The Citizen.

DISPENSES \$90,000 ANNUALLY IN HONESDALE.

Although the Borden plant at this place is not as large as the Gurney Electric Elevator Works, it however distributes annually \$90,000 which is nearly as large a payroll. This large amount of money goes into the homes of the farmers within a radius of ten miles of Honesdale. A portion of the \$90,000 includes labor at the plant, freight and local repairs.

The new shipping station, located along the Erie line, at Honesdale is 63x298 feet and is one of the most modern and up-to-date plants of its kind on the Erie system. There are 20 men employed under Superintendent Curtis, all of whom live in or near Honesdale.

The station receives milk from 80 dairies. At the signing of the spring and fall contracts, the Borden people send representatives out to white-wash the barns of their patrons, for which a small sum is charged. Some farmers, however, spray their own barns.

WHY NOT TAKE HONESDALE?

An epoch of Carbondale in the history of the moving picture world was commenced Wednesday, through the efforts of L. A. Farrell, of the Ideal theatre on South Main street, who induced the Towns and Cities' Film company of New York city, to go there and picture things of interest in the Pioneer City, the same as was done in Scranton a couple of months ago.

The State Hospital for the Criminal Insane at Farview will also be taken before the work will have been completed. It will require three days to complete the taking of these pictures.

Roberts at Meadville and pleaded guilty to charges of bringing dairy cattle into Pennsylvania from Ohio without a permit or certificate of health. Both defendants were fined \$50.00 and costs. The charges were brought by an agent of the Pennsylvania State Livestock Sanitary Board, who had traced the cattle from Ohio and subsequently found some of them to be affected by tuberculosis.

CHAUTAUQUA ORGANIZED MONDAY NIGHT

OFFICERS SELECTED TO MANAGE LOCAL END OF GREAT EDUCATIONAL FETE.

Standing Committees and Their Duties—Riverside Park Green Chosen for Chautauqua—A Great Crowd Expected.

A goodly representation of the guarantors and patronesses of the Honesdale Chautauqua met with Dr. A. E. Turner, associate director of the Chautauqua association of Pennsylvania last Monday evening in the library of the High school for organization.

Dr. Turner talked over plans for complete organization in connection with the approaching entertainment to be given in August next.

The organization follows: President, Andrew Thompson; vice-president, Wallace J. Barnes; secretary, Miss Charlotte J. Baumann; treasurer, Joseph Fisch.

M. J. Hanlan, Joseph Bodie and B. F. Haines were appointed as a committee to assist the officers in selecting members for the following standing committees:

Ticket selling, automobiles, grounds, program, reception of speakers, decoration and Junior Chautauqua. Of these the program committee will probably be the most important. It will arrange for Sunday and general meetings, also the speakers.

The automobile feature will be a strong one for advertising the Chautauqua. Parties having machines who would make trips through the county at the time the Chautauqua association representative car, will report to this committee. Banners will be furnished by the association for advertising purposes.

It will be the duty of the committee on grounds to secure special police and see that no disturbance is made during the entertainments and meetings.

The reception committee will welcome the speakers as they arrive, escort them to hotels or to the Chautauqua grounds.

The decoration committee speaks for itself. In addition to placing flags and other national colors in the tent, the committee will furnish fresh bouquets of flowers upon the platform every day.

The Junior Chautauqua is entertainment furnished for the children. By the payment of \$1 the children can attend the sessions of the Junior Chautauqua.

Dr. Turner left Honesdale Tuesday morning for Susquehanna, where he organized a Chautauqua.

The green near the armory has been selected as the place for pitching the Chautauqua tent. This location met with the approval of all concerned as being the ideal place for holding the entertainment.
